1. [REDACTED] Mrs. Somera, in the Security Review Office of DOD, called and, in a rather imprecise way, stated her interest in collecting official but unclassified publications on the Agency. I directed her attention to reports, hearings, and floor discussions by the Congress during the consideration of the National Security and CIA Acts and suggested ways in which she may obtain these publications. She was most generous in her thanks for this help. She had previously called [REDACTED] who, it is understood, sent her the unclassified pamphlet on the Agency.

2. [REDACTED] By way of interim reply, I called the office of Representative Paul Rogers in connection with his letter inquiring into the status of retirement deductions for [REDACTED] I advised the Office that we were working on this and would be in touch with them in the next day or two.
